End of the School Year Activity

With school ending in June, it can be a good time for your mentee to look back and reflect on this very different school year. Create an end of the school year review/time capsule with your mentee where they could write or draw about their school year.

Some guiding questions:

- Favourite memory of this school year?
- What I learned....
- Favourite subject this year?
- What did you work on really hard this year?

Try some magic tricks together:
